

[*Axially compact and low-volume mechanical igniter for thermal batteries and the like*](#) , U.S.
Patent Number 7,832,335,
issued November 16, 2010.

[*Mechanical delay mechanisms for inertial igniters for thermal batteries and the like*](#) , U.S.
Patent Number 7,587,980,
issued September 15, 2009.

[*Multi-stage mechanical delay mechanisms for inertial igniters for thermal batteries and the like*](#) ,
U.S. Patent Number 7,587,979,
issued September 15, 2009.

[*Axially compact mechanical igniter for thermal batteries and the like*](#) , U.S. Patent Number
7,437,995,
issued October 21, 2008.
